DETAILED ACTION

Allowable Subject Matter

Claims 1, 2-13, 22, and 23 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 states the limitation "wherein all of a periphery of the thin film resistor is covered with the conductive pattern disposed over or under the resistor". This limitation, in conjunction with the other claimed features, was neither found to be disclosed in, nor suggested by, the prior art. Claim 22 states the limitation "wherein the thin film resistor is covered with the conductive pattern disposed on a side opposite to the electrode across the thin film resistor". This limitation, in conjunction with the other claimed features, was neither found to be disclosed in, nor suggested by, the prior art. Claim 23 states the limitation "wherein the conductive pattern prevents a fluidized thermoplastic resin from moving toward the thin film resistor when a thermoplastic resin composing the thermoplastic resin film is fluidized". This limitation, in conjunction with the other claimed features, was neither found to be disclosed in, nor suggested by, the prior art. Claim 8 states the limitation "wherein all of a periphery of the thin film resistor is covered with the conductive pattern". This limitation, in conjunction with the other claimed features, was neither found to be disclosed in, nor suggested by, the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
